Comedian [George Carlin](#) has died. But he lives on at [YouTube](#) where countless clips testify to a man who followed in the footsteps of [Lenny Bruce](#).

The recent rise of the Evangelical conservatives in America made a lot of people think that the US is a place of censorship and circumspection. George Carlin was proof that it is still a place where speech is free-er than average. He could tell jokes about [religion](#), race and even rape that sailed so close to the wind that they were permanently in danger of capsizing.
